Smart lighting functionalities easy to set up
Enjoy the benefits of smart features instantly, just by connecting your WiZ light to your Wi-Fi network. Control lights easily when you're away from home and scheduling lights to go on and off automatically. No need to install additional hardware such as hub or gateway!

Exclusive SpaceSense™ light that turns on with movement
WiZ's SpaceSense technology turns your lights into motion sensors. With a minimum of two WiZ lights in a room, you can activate the SpaceSense feature in the WiZ app and get the lights to turn on and off automatically with motion detection.It´s simple. It´s SpaceSense. It´s WiZ.

Set up lights to follow your own schedule
Automate your smart lights to follow your daily or weekly routines. Schedule your lights to turn on in the morning or before you arrive home, and to keep them off to save energy, when they are not necessary.

Millions of colours and changing light modes to make your day
Choose any light colour you like or simply apply a dynamic light mode that we've designed for you. Fireplace or Ocean, for example, will help you create an amazing atmosphere and lift your mood.

Set the right ambience with tunable warm to cool white light
Choose from a wide range of energising cool white to soft warm white light, or simply select from the preset modes such as Focus and Relax to create the best ambience for your activities.

Unique dual zone light effect
Try all kinds of light colors to create a unique gradient that's really you. Play with dynamic light modes to create Scenes that fit your mood. Upper and lower parts of the lamp emit different colours.
