Philips Lighting Company

Philips Lighting agrees to provide replacement lamps at no charge for all lamps that fail in excess of the percentage indicated below for the lamp type installed within the limited warranty month period listed in the chart above beginning five days after receipt of lamps at the facility of installation. Philips Lighting further warrants that lamps with ALTO® lamp technology will pass the United States Environmental Protection Agency's Toxic Characteristic Leaching Procedure (TCLP) test prescribed in 1990 (40 CFR 261.App II).

The limited warranty is subject to the following additional conditions:

- The lamps have not been subject to abuse, misuse or acts of God.
- No devices other than the ballasts are employed to operate the lamps without explicit written consent from an authorized Philips representative.
- A Philips representative will have access to the failed lamps and the ballasts used to operate them. If the ballasts or other parts become suspect, the representative shall have the right to invite other manufacturers' representatives to evaluate the lighting system components.
- The lamps have been purchased directly from an authorized Philips Lighting Company distributor/dealer.
- Ballast reference does not constitute an endorsement of ballast performance or warranty of their ability to operate the lamps.
- Limited Warranty rating is based on 4,000 hrs of operation annually.
- Limited Warranty is based on a 3 hour minimum operating cycle.
- Limited Warranty is based on the operation of the lamps with ANSI compatible programmed start ballasts, except for PL-L 40W and PL-L 40W/XEW/25W lamps, which can be operated with instant start ballasts.
- All 2-Pin based lamps must be operated with ANSI compatible magnetic ballasts.
- Programmed start Limited Warranty will also apply to dimming ballasts if ballasts meet ANSI criteria.
- When operated with a programmed start ballast, occupancy sensors must be set to accommodate an ON time greater than 15 minutes after each ignition.
- When operated with instant start ballasts and an occupancy sensor, less than 30 minutes ON time after each ignition will void the warranty; occupancy sensors must be set to accommodate, applies only to PL-L 40W and PL-L 40W/XEW/25W lamps.
- The TCLP test has been conducted in accordance with Philips Lighting Company established procedure #SOP 08-001-1, which is available upon request and is derived from Science Applications International Corporation's (SAIC) project 01-0825-03-0615-001 under EPA contract 68-WO-0027.
- This limited warranty is limited to lamps purchased for use in regions that are within the jurisdiction of the United States Environmental Protection Agency.
- This limited warranty applies for lamps that fail in excess of the following percentages for each CFLni lamp type installed: PL-L and PL-T 2% PL-C 4 pin 3% PL-S 4% PL-C 2 pin and PL-Q 5%

THE FOREGOING WARRANTY IS EXCLUSIVE, AND THE SOLE REMEDY FOR ANY AND ALL CLAIMS, IN CONTRACT, IN TORT OR OTHERWISE ARISING FROM THE FAILURE OF LAMPS AND IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. THE LIABILITY OF PHILIPS LIGHTING COMPANY SHALL BE LIMITED TO THE TERMS OF THE EXPRESS WARRANTY SET FORTH HEREIN. IN NO EVENT WILL PHILIPS LIGHTING COMPANY BE LIABLE FOR ANY SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES.
