Candela

LED luminaires

Attention to detail is perhaps the most important aspect of the Philips Lumec Candela LED post top and pendant luminaires. From the European inspired nautical design to the wide range of options available, to the wide assortment of complementary products that harmonize with this luminaire, no stone has been left unturned to give decision makers unprecedented flexibility and design options. Whatever the project, be it town or country, the presence of Candela luminaires will bring architectural and landscaped developments to new heights. Powered by the Philips EcoSwap LED light engine, Candela provides longevity and energy savings.

Benefits
