Landscape

FlexScape

Line-voltage

Your ultimate landscape lighting chameleon

As an industry, we know that landscape lighting is meant to draw attention to interesting outdoor elements, not the luminaires themselves. We can help you to achieve this goal with convenient, multi-tasking Philips Hadco FlexScape accent and inground line-voltage landscape luminaires. FlexScape line voltage luminaires deliver powerful luminaire performance in a small form factor that integrates seamlessly throughout the landscape. With the unique convenience of field adjustable lumen outputs and interchangeable beam patterns, you can easily adapt the lighting to seasonal, special event and needs-based changes.

Features/Benefits

- Multi-tasking accent and in-ground line-voltage luminaires pack a powerful punch in a compact form factor
- Discretely tucked into the surrounding landscape to ensure that the focus remains on your design intent, not the luminaire
- Versatile go-to landscape lighting solution reduces complexity throughout your landscape lighting project without sacrificing performance
- Easily adapt the lighting as needed with narrow, medium and wide flood beam patterns via interchangeable snap-on lenses provided with each luminaire
- Flexibility to change light intensity in the field with five adjustable lumen outputs
- Wired for standard 0-10V dimming

Technical Information

Lumen Output:	Approximately 1000 to 3,500 lumens
Wattage:	9.5 to 34W
Input voltage range:	120-277V
Optics:	20° Narrow flood, 36° Medium flood, 65° Wide flood
Lenses:	B9 - Clear Flat SL43 - Clear flat, Walk over, Linear spread, Clear frosted
Color Temperature:	3000K, 4000K
Controls Solutions:	0-10V dimming driver Slider switch with 5 preset light outputs.
Vandal Accessories:	Vandal resistant switch
IP Rating:	IP66 rated luminaire - B9 IP67 rated luminaire - SL43

SL43 Inground dimensions

B9 Accent dimensions
