TXF9

LEDGINE Teardrop

Sustainability embodied

Hadco's TXF9 LED teardrop seamlessly replaces HID technology while maintaining that traditional "teardrop" look. The Teardrop uses latest LED technology which maximizes energy savings and lowered maintenance cost to reduce your total cost of ownership. By combining modern LED technology and traditional design, the Teardrop LED luminaires are perfectly suited for several applications including residential streets, city streets, campuses, parking lots and retail centers.

LEDGINE TXF9

Teardrop

Product description

The Hadco TXF9 teardrop is an excellent solution for LED outdoor lighting. This teardrop uses the LEDGINE platform which maximizes energy savings and provides uniform and comfortable white light. The design and performance work in several applications including residential streets, city streets, campuses, parking lots and retail centers. The TXF9 is a great solution for new installations or replacing a variety of HID sources.

External features and benefits

(N) cast neck or
(P) pipe threaded
mounting options

Low-copper
cast aluminum
housing

Two globe options:
(GF) Flat Glass
(KL) Long Acrylic

ORT technology
(optical rib technology)
globe

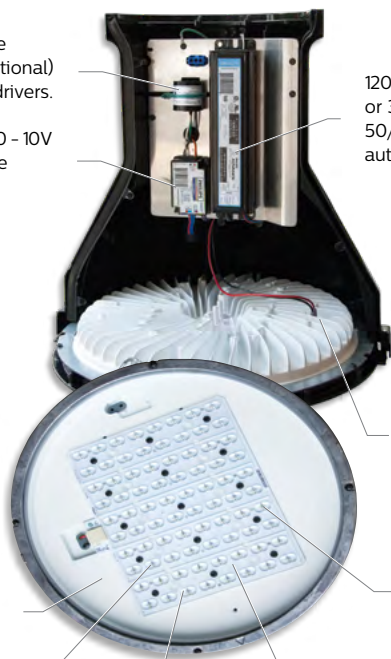

Internal features and benefits

10kV / 10kA surge
suppression (optional)
<3kV built into drivers.

Programmable 0 - 10V
dimming module
(optional).

120 - 277VAC
or 347 - 480VAC driver, 530 mA,
50/60 Hz
auto-sensing.

Low-copper die-cast heat
sink and lens frame.

Multiple distribution
options. (Type II, III, IV or V)

Tempered glass
lens.

Multiple color
temperatures.
(3000K, 4000K, 5700K)

40, 64 or 80 LED
options.

Precision designed, injection
molded acrylic optic plate.
IP66 optics chamber.

Specifications

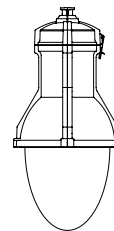

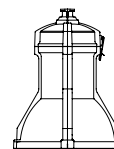

TXF9 (GF) Flat Glass

Dimensions - 23 13/16" (H) x 18 3/8" (W)
Weight - 25 lbs
EPA - 2.00 sq. ft.

TXF9 (KL) Long Acrylic

Dimensions - 37 7/8" (H) x 18 3/8" (W)
Weight - 32 lbs
EPA - 2.60 sq. ft.
