Fizzle out or shine on?

Real professionals count on the new **Philips CoreLine Tango Floodlight.**

Building on the established Tango reputation, this is the perfect solution for a wide range of area lighting applications and replaces traditional HID floodlights.

Incorporating integrated heat sink and driver into one compact and robust housing makes it suitable for a wide range of environments.

Key Features and Benefits

- ✓ Up to 50% energy savings compared to conventional floodlights.
- ✓ Supplied standard with symmetric wide beam optic. Other options and wattages are available to suit most applications.
- ✓ 15KV/KA surge protection, non-corrosive die-cast aluminum housing and galvanised bracket make it ideal for harsh environments.

Applications

- ✓ Area lighting
- ✓ Industrial areas
- ✓ Facades and billboards
- ✓ Parking lots
- ✓ Ports
- ✓ Airports
