The logo is easy to use on your website or on printed literature. It also incorporates a unique QR code linking to our webpage, which protects your identity as one of our valued licensee members. For more information please contact us info.SSLlicensing@signify.com.
Size and clear space

Our logo must be shown in a clear and legible form. To help ensure this, please maintain a white “clear space” around the logo – where no text, images or symbols may appear.

Logo size
The size of the EnabLED member logo should be based on the following formula:

\[
\frac{W + H}{8} = X
\]

Document \( W + H = X \) width of the logo

With a minimum size for digital of 280 pixels and 65 mm for print.

Clear space
The easy-to-follow rule to achieve the correct “clear space” around the logo is by dividing the height of the logo by 3.
