

# Long-lasting, reliable solution

## HID-Basic BSX for SOX

Impregnated electromagnetic copper/iron ballasts for use with an external ignitor for SOX and SOX-E lamps

### Benefits

- Compact dimensions and lightweight – easy to fit in linear luminaires
- Simple installation
- Long-lasting reliable solution protected from overheating

### Features

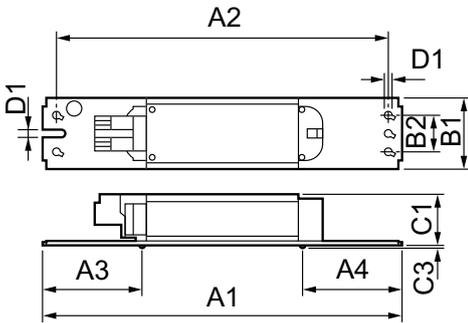

- Based on magnetic fluorescent ballast design
- Equipped with double-insert contacts
- Minimal watt losses thanks to orthocyclic winding process
- Ballasts for alternative mains voltages/frequencies available upon request

### Application

- Outdoor lighting (most popular application: road lighting)
