

# Smart Halogen Downlight – a reliable way to make your merchandise stand out

## Smart Halogen Downlight QBS020

Shop owners opening a new outlet or refurbishing their current installation and contractors looking for attractive propositions for their customers (small/non-chain retailers) now have the ideal solution for impactful, yet affordable accent lighting. Our Smart Halogen Downlight offers customers a choice of different shapes to suit different functions, and the professional finish lends the luminaire an air of contemporary sophistication. Thanks to its robust housing, the Smart Halogen Downlight is a long-lasting solution. Quality clips ensure ease of installation.

### Benefits
