ProAir – an unrivalled combination of light quality and efficiency

ProAir

Store designers want a spot that fits in with their store design. Visual merchandisers need the very best light quality and spots that are easily adjustable. And maintenance managers and green champions want to reduce energy consumption and maintenance costs. ProAir offers store designers a LED spot with an elegant and compact design that they can customise to suit their needs. It gives visual merchandisers great rendering of colours and whites and excellent colour consistency, as well as well-defined, clean beams for maximum impact. What's more, a dedicated accessory makes it possible to aim the spot from the floor, for added convenience. And the high-efficiency versions of ProAir offer low maintenance and energy consumption.

Benefits
· Best-in-class efficiency
· Attractive design that blends in with the store architecture

Features
· Elegant, compact design – customisable
· Great rendering of colours and whites and excellent colour consistency
· Clean, well-defined beams
· Special pole for aiming the spot from the floor
· Low maintenance and energy consumption (high-efficiency versions)

Application
· Shops
· Hotels
· Offices

ProAir

Specifications

Type	ST640T	**Median useful life L90B50**	25,000 hours
Light source	Non-replaceable LED module	**Average ambient temperature**	+25ºC
Power	16 W (LED17S)	**Operating temperature range**	+10 to +40ºC
	26.5 W (LED20S)	**Driver**	Built-in
	25 W (LED27S)	**Mains voltage**	230 or 240 V/50-60 Hz
	35 W (LED39S)	**Dimming**	DALI-dimmable version available
	48 W (LED49S)	**Material**	Housing: die-cast aluminium
Beam angle	NB (10, 18º), MB and WB		Gearbox: folded metal
Luminous flux (light colour 830)	NB: 2,000 lm	**Colour**	Black (BL, RAL9004)
	MB, WB: 1,700, 2,700, 3,900 and 4,900 lm		White (WH, RAL9003)
Correlated Colour Temperature	3,000 K	**Optic**	Reflectors in silver-coated plastic
colour rendering index	80	**Optical cover**	Curved glass (NB versions)
	90		Acrylic cover (MB and WB versions)
	92 (CrispWhite, PremiumWhite version)	**Connection**	3C-track adapter (standard versions) or 5C6 tracks adapter (DALI-dimmable versions)
Standard deviation colour matching	3	**Installation**	On 3-circuit track
Median useful life L70B50	70,000 hours		On DALI track
Median useful life L80B50	50,000 hours	**Accessories**	Glare shield (GS), honeycomb (HC), skirt (SK), aiming pole
