

The best LED solution for Post-Top High Intensity Discharge (HID) lamp replacement with low initial investment

TrueForce LED Public Mains

Philips TrueForce LED lamps provide an easy LED solution with a fast payback to replace High-Intensity Discharge (HID) lamps in Post-Top applications. These lamps bring the energy-efficiency and long lifetime benefits of LED to HID replacement, with a low initial investment delivering instant savings. With the right lamp size and light distribution, customers can easily retrofit TrueForce LED lamps into their existing system, thereby enhancing the light quality without having to change the fixtures or sacrifice the light effect.

Benefits

- Up to 50% energy saving compared with conventional HID systems
- Direct lamp replacement solution without changing the fixture: cost saving with quick payback
- Lower maintenance costs

TrueForce LED Public Mains

Features

- Direct mains solution: 110-277V
- Long lifetime of 50,000hrs
- High Lumen output, instant on, no flicker, right lamp size and lighting distribution for direct retrofit
- Surge Protection and OTP (over temperature protection)

Application

- Public urban – parks, squares
- Public road – streets, paths
- Public area – parking, transportation hubs
