

# The right light makes the moment

## Premium LED bulbs - Dimmable and features

Create a warm, inviting ambiance with Philips dimmable Premium LED bulbs. The Philips LED WarmGlow bulbs offer a new experience for dimmable LEDs, by enabling light levels to dim to the warm tones of traditional lamps. You can change the ambiance from functional lighting to an inviting and cosy atmosphere.

### Benefits

- Philips dimmable Premium and WarmGlow LED bulbs can be used with most dimmers to create your desired ambiance with smooth dimming to 10 % of full light levels
- Philips Premium bulbs deliver huge energy savings and minimise maintenance costs without any compromise on light quality

### Features

- An easy (retrofit) replacement ideal for general lighting applications
- A unique design and light effect that mimics the light quality of incandescent lamps
- Up to 90% energy saving compared with traditional incandescent lamps
- The gradual dimming feature of the Philips LED Warm Glow range enables light levels to dim to the warm tones of traditional lamps

### Application

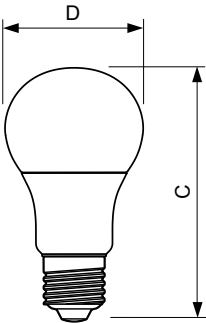

- Hotels, restaurants, bars, cafés
- Lobbies, corridors, stairwells, reception areas
