

PerfectBeam gen.2

SHARP ZOOM Asymmetric filter

PerfectBeam gen2 has been dedicatedly designed to deliver excellent quality of light in museum applications. It strikes the perfect balance between presenting and preserving art, between ever-changing exhibitions and the need for low maintenance and energy-efficiency. The often conflicting demands for good visibility and conservation are now satisfied with an LED lighting solution that doesn't emit any harmful UV or IR rays. PerfectBeam gen2 presents masterpieces and objects in their true colours, subtly attracting the viewer's eye, making it easy to see, interpret and appreciate works of art down to the smallest detail. It enables you to use light to evoke emotions and create an unforgettable museum experience. Its modular design, variable beam, beam-shaping accessories and onboard dimming or DALI ensure maximum flexibility to cope with changing exhibitions and lighting needs, now and in the future. PerfectBeam gen2 is the right solution for high-end fashion retail where you need to enhance colours and materials, and underline details.

Product data

General Information	
Angle	1° x 40°
Accessory colour	Clear
Mechanical and Housing	
Overall height	3 mm
Overall diameter	78 mm
Material	Polymethyl methacrylate
Approval and Application	
Ingress protection code	-
Mech. impact protection code	-

Product Data	
Order product name	SHARP ZOOM Asymmetric filter
Full product name	SHARP ZOOM Asymmetric filter
Full EOC	871869919132000
Order code	19132000
Material no. (12 NC)	910504801540
SAP numerator – quantity per pack	1
Numerator – packs per outer box	1
