

# GentleSpace gen2

### BY471P GRN170S/840 PSD MB PC BR SI

GentleSpace 2, LED GreenLine system flux 17000 lm, 840 neutral white, Power supply unit with DALI interface, Medium beam, Polycarbonate bowl/cover, Silver

With the introduction of the GentleSpace LED luminaire in 2011, Philips achieved a breakthrough in high-bay lighting, offering a huge reduction in power consumption, a long service life and an innovative design. Now, with GentleSpace gen2, Philips is setting a new standard in the market, with an improved total cost of ownership, even in extreme conditions. In addition, a high diversity of options are available to ensure an ideal solution for your application like optics, coatings and enabling the use of a central emergency grid (PSED).

#### **Product data**

| General Information      |   |
|--------------------------|---|
| Lamp family code         | GRN170S [LED GreenLine system flux 17000        |
|                          | lm]   |
| Cap base                 | - [-]   |
| Light source replaceable | Yes   |
| Number of gear units     | Unit  |
| Gear                     | EB [Electronic]                                 |
| Driver included          | Yes   |
| Remarks                  | *- According to the Lighting Europe guidance    |
|                          | paper 'Evaluating performance of LED based      |
|                          | luminaires – January 2018': statistically there |
|                          | is no relevant difference in lumen              |
|                          | maintenance between the B50 and, for            |
|                          | example, the B10. Therefore, the median         |
|                          |   |

|                               | useful life (B50) value also represents the |

## GentleSpace gen2

| Luminous efficacy (rated) (nom.)         | 155 lm/W                                  |
|--|---|
| Colour rendering index (CRI)             | ≥80                                       |
| Beam angle of light source               | 114 degree(s)                             |
| Light source colour                      | 840 neutral white                         |
| Optic type                               | Medium beam                               |
| Optical cover type                       | Polycarbonate bowl/cover                  |
| Luminaire light beam spread              | 40° x 40°                                 |
| Unified Glare Rating (CEN)               | 25  |
|  |   |
| Operating and Electrical                 |   |
| Input Voltage                            | 220-240 V                                 |
| Line Frequency                           | 50 to 60 Hz                               |
| Inrush current                           | 4.8 A                                     |
| Inrush time                              | 2.3 ms                                    |
| Power Consumption                        | 110 W                                     |
| Power Factor (Fraction)                  | 0.9                                       |
| Connection                               | External connector                        |
| Cable                                    | Cord with plug Wieland/Adels compatible 5 |
|  | pole                                      |
| Number of products on MCB of 16 A type B | 12  |
| Temperature                              |   |
| Ambient temperature range                | -30 to +45 °C                             |
| Controls and Dimming                     |   |
| Dimmable                                 | Yes                                       |
| Driver/power unit/transformer            | Power supply unit with DALI interface     |
| Control interface                        | DALI                                      |
| Constant light output                    | No  |
| Mechanical and Housing                   |   |
| Housing material                         | Aluminium                                 |
| Reflector material                       | -   |
| Optic material                           | Acrylate                                  |
| Optical cover/lens material              | Polymethyl methacrylate                   |
| Fixation material                        | Steel                                     |
| Housing Colour                           | Silver                                    |
| Optical cover/lens finish                | Clear                                     |
| Overall length                           | 600 mm                                    |
| Overall width                            | 450 mm                                    |

| Overall height                             | 150 mm                                       |  |
