

Dynalite Sensors

DUS360CS-D

The Philips Dynalite sensor range combines motion detection, light level detection and IR receive in one unit. Each of these features can be operated at the same time, allowing automation scenarios such as turning on the lights after detecting motion and then dimming the lighting level once the available sunlight has been measured, thereby providing additional energy savings. By combining each of these functions into one device, operational efficiency is improved. Each sensor has an in-built microprocessor, allowing logical functions to control one small room, the floor of a building, or an entire building. All sensors receive their power from the DyNet network, and as they are fully remotely programmable, they can be configured to automate and control a virtually unlimited number of controlled outputs.

Product data

General Information	
Remarks	Please download the Lighting - Product Data Sheet for more information and ordering options
CE mark	CE mark
EU RoHS compliant	Yes

Temperature	
Ambient temperature range	32 to +113 °F

Product Data	
Order product name	DUS360CS-D
Full product name	DUS360CS-D

Full product code	871869688852000
Local code description	DUS360CS-DALI
Order code	913703023909
Material Nr. (12NC)	913703023909
Local order code	.
Numerator - Quantity Per Pack	1
EAN/UPC - Product/Case	8718696888520
Numerator - Packs per outer box	1
EAN/UPC - Case	8718696895528
