

Dynalite Integration Devices

DDNG-BACnet J-8025 Platform N4

Within any modern project, many third-party systems can be found performing different roles. Each separate system may use a different protocol for communication. Philips Dynalite has developed a range of gateway devices that can be used to synchronize these systems' functions into one integrated system solution. By utilizing the correct gateway, different systems can be integrated, allowing end-users access to a fully automated site from one interface. By successfully integrating third-party systems with a Dynalite solution, repetitive end-user interaction is reduced.

Product data

General Information		Full product code	871869688835300
Remarks	Please download the Lighting - Product Data Sheet for more information and ordering options	Order code	88835300
Temperature		Material Nr. (12NC)	913703247009
Ambient temperature range	-20 to +50 °C	Numerator - Quantity Per Pack	1
Product Data		EAN/UPC - Product/Case	8718696888353
Order product name	DDNG-BACnet J-8025 Platform N4	Numerator - Packs per outer box	1
Full product name	DDNG-BACnet J-8025 Platform N4	EAN/UPC - Case	8718696895351
