
Dynalite Multipurpose Controllers

DGTM202

Within any project, many different lighting load types may be required to achieve a desired result. Each of these load types may require a different style of control. The Philips Dynalite range of multipurpose controllers allows customization of output types via different output module units. When using DIN-rail multipurpose controllers, a specific type of control can be chosen for each circuit: relay, leading-edge dimmer, trailing-edge dimmer, ballast control, controller with out-of-the-box functionality, fan control, and blind/screen control. In any combination, multiple load types can be controlled from a single device. This simplifies installation and prevents wasted capacity of circuits that are not required.

Product data

General Information	
Remarks	Please download the Lighting - Product Data Sheet for more information and ordering options

Product Data	
Order product name	DGTM202
Full product name	DGTM202
Full product code	871869688773800

Order code	913703260709
Material Nr. (12NC)	913703260709
Numerator - Quantity Per Pack	1
EAN/UPC - Product/Case	8718696887738
Numerator - Packs per outer box	1
EAN/UPC - Case	8718696894736
