

Dynalite Multipurpose Controllers

DGRM204-V2

Within any project, many different lighting load types may be required to achieve a desired result. Each of these load types may require a different style of control. The Philips Dynalite range of multipurpose controllers allows customization of output types via different output module units. When using DIN-rail multipurpose controllers, a specific type of control can be chosen for each circuit: relay, leading-edge dimmer, trailing-edge dimmer, ballast control, controller with out-of-the-box functionality, fan control, and blind/screen control. In any combination, multiple load types can be controlled from a single device. This simplifies installation and prevents wasted capacity of circuits that are not required.

General Information	
Remarks	Please download the Lighting – Product Data Sheet for more information and ordering options

Product Data	
Order product name	DGRM204 V2
Full product name	DGRM204-V2
Full EOC	87186968877600

Order code	88777600
Material no. (12 NC)	913703261109
SAP numerator – quantity per pack	1
EAN/UPC – Product/Case	8718696887776
Numerator – packs per outer box	1
EAN/UPC – Case	8718696894774
