

Group Cabinet Control

LFC7710/00 Coded Mains Transmitter

Philips Group Cabinet Control enables remote grouping, monitoring, and controlling of diverse outdoor luminaires. Customers can control their lighting installations, through a retrofitted modular cabinet solution at the electrical cabinet. Supports optimized energy consumption and manages KPIs better. The solution autonomously executes complex tasks based on the configurations. The Controller can automatically switch between different available communications carriers to provide stable and reliable communications to Interact application(s).

Warnings and Safety

- Refer to Documentation portal for all technical documents (<https://www.partner.portal.signify.com/>)
- Check the local LTE band applicable before placing an order for the controller
- No UL certification in Gen3 controller and modules
- Update forecast for Gen3 in Koolog tool to ensure on-time delivery for projects

Product data

Product Data			
Order product name	LFC7710/00 Coded Mains Transmitter	Numerator - Quantity Per Pack	1
Full product name	LFC7710/00 Coded Mains Transmitter	EAN/UPC - Product/Case	8718696723876
Full product code	871869672387600	Numerator - Packs per outer box	20
Order code	913713611780	EAN/UPC - Case	8718696723883
Material Nr. (12NC)	913713611780
