

Group Cabinet Control

LLC7730/00 Coded Mains Receiver LN

Philips Group Cabinet Control enables remote grouping, monitoring, and controlling of diverse outdoor luminaires. Customers can control their lighting installations, through a retrofitted modular cabinet solution at the electrical cabinet. Supports optimized energy consumption and manages KPIs better. The solution autonomously executes complex tasks based on the configurations. The Controller can automatically switch between different available communications carriers to provide stable and reliable communications to Interact application(s).

Warnings and Safety

- Refer to Documentation portal for all technical documents (<https://www.partner.portal.signify.com/>)
- Check the local LTE band applicable before placing an order for the controller
- No UL certification in Gen3 controller and modules
- Update forecast for Gen3 in Koolog tool to ensure on-time delivery for projects

Product data

Product Data	
Order product name	LLC7730/00 Coded Mains Receiver LN
Full product name	LLC7730/00 Coded Mains Receiver LN
Full product code	871869672393700
Order code	913713612080
Material Nr. (12NC)	913713612080

Numerator - Quantity Per Pack	1
EAN/UPC - Product/Case	8718696723937
Numerator - Packs per outer box	60
EAN/UPC - Case	8718696723944
