

Sony digital cinema projectors

XDC 4200 SL

Digital Xenon Cinema S-type lamps are ideal for today's demanding 3D and 2D digital cinema presentations. There is a choice of three power ratings in the S-type Digital Cinema Xenon lamps range: 2000W, 3000W, or 4200W. These lamps produce the very high light output needed to maximize screen brightness and enhance the dramatic effect for the viewer. These long-life digital lamps also provide constant color temperature characteristics, and meet all of the stringent arc-stability requirements for consistent customer satisfaction. In addition to S-type Digital Cinema Xenon lamps there are B-, C-, N-, and TA-type Digital Cinema Xenon lamps. These are all individually customized per projector, so there is a different, perfect-fitting lamp for each projector model to ensure optimized projector performance.

Product data

General Information		Full product name	
Operating Position	P15 [Parallel +/-15D or Horizontal(HOR)]	Full product code	871829124653400
Nominal lifetime	850 hour(s)	Order code	24653400
Operating and Electrical		Material Nr. (12NC)	928417506301
Power Consumption	4,200 W	Numerator - Quantity Per Pack	1
Lamp Current (Nom)	132 A	EAN/UPC - Product/Case	8718291246534
Voltage (Nom)	32 V	Numerator - Packs per outer box	1
Voltage (Nom)	32 V	EAN/UPC - Case	8718291246534
Product Data			
Order product name	XDC 4200 SL
