

EvoKit

EVOKIT ACCESSORY EARTHQUAKE CABLE 317MM

The Philips EvoKit LED Retrofit is the ideal solution for switching from linear fluorescent lighting to an LED solution. This system is designed to be affordable, long lasting, and produce the quality light typical in Philips LED systems. The EvoKit, at efficacies up to 110 lumens per watt, produces enough light to replace most traditional fluorescent troffers, while consuming significantly less energy.

Product data

General Information			
Lighting Technology	LED	Material Nr. (12NC)	929000719113
		Numerator - Quantity Per Pack	1
		EAN/UPC - Product/Case	781087134894
Product Data		Numerator - Packs per outer box	500
Order product name	EVOKIT ACCESSORY EARTHQUAKE CABLE 317MM	EAN/UPC - Case	50781087134899
