Highlights

Control lights instantly

Get instant control over your Philips Hue smart lights with the Hue dimmer switch. With the touch of a button, your entire household can instantly dim or brighten the room, turn lights on and off, or set light scenes.

Control lights with your voice*

Philips Hue works with Amazon Alexa and the Google Assistant when paired with a compatible Google Nest or Amazon Echo device. Simple voice commands allow you to control multiple lights in a room or just a single lamp.

Unlock the full suite of smart lighting features with the Bridge

The Bridge unlocks the features that make smart lighting truly smart — away-from-home control, voice control, automated lighting, and much more. Add a Bridge to your setup to create immersive experiences, tap into technology that's secure and reliable, and more. The Bridge is the key to smart lighting like you've never seen before.

Set the right mood with warm-to-cool white light

Choose from over 50,000 shades of warm-to-cool white light to create the perfect ambiance in your home for each activity and time of day. Use bright, white light each morning to start the day energized and alert, or match your evening wind-down routine with a dim golden glow.

Optimized light recipes for your daily activities

Use the preset Philips Hue light recipes to fit your mood or activities throughout the day. Start your day with the bright white light of the Energize light recipe, or unwind with the subtle, soft light of Relax. Reading a book in the bath? Set the Read recipe for just the right light.
