Easy, wireless control

Control your lights with the touch of a button with the Philips smart LED remote control, which works with all WiZ products and has a range of 15 meters. Turn lights on or off, brighten or dim the room, set a nightlight, or set up to four of your favorite light modes — even if the Wi-Fi goes down.

Smart control

- Fast and easy control of Connected by WiZ products
- 15 meter wide range control
- Whole room control. Triggers all lights in a room
- Works even without Wi-Fi

Highlights

Fast and easy control

Quick and easy control of your WiZ lights. Turn lights on/off, adjust brightness, choose 4 favorites and switch to night light with just one press on the button. It works with all Connected by WiZ products.

Whole room control

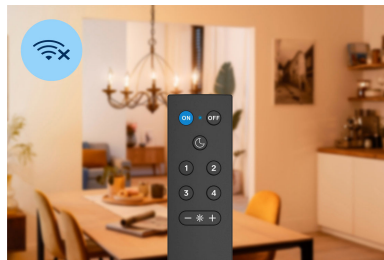

The remote is attached to a single room and triggers all lights in that room. You can move the remote in the app if you want it to control lights in another room instead.

Wide range control

The control range up to 15 meters in a normal indoor environment with partitions and walls.

Works even without Wi-Fi

The remote communicates directly to the WiZ lights. It works even when your Wi-Fi is down.
