9MX056 EC7 (10PCS)

ACC MAXOS

The swivel device is a versatile mechanical connecting device for Maxos TL-D and TL5 light-lines and enables variable angles between the light-lines. The minimum angle is 45 degrees. Due to its attractive design it is often used in application areas such as shops, schools and museums. Up to four light-lines can be connected with one swivel device. The housing is made of plastic, with a white or silver coating, and with inner supporting elements made of steel. If needed, the swivel device can accommodate lighting control sensors, loudspeakers, etc. It is pre-mounted with an adjustable quick hanger with a 1.25 m steel suspension wire. One dedicated coupling piece (9MX056 CP-SD WH/SI) per trunking section is necessary to connect the trunking to the swivel device. Electrical components for mains feed-through have to be ordered as required.

Données du produit

Informations générales		Nom de produit complet	9MX056 EC7 (10PCS)
Couleur des accessoires	-	Code EOC	403073203217400
Code famille de produits	9MX056 [ACC MAXOS]	Code de commande	03217400
Fonctionnement et électricité		Code 12NC	910606293921
Tension d'entrée	220 à 240 V	Code de commande local	03217400
Fréquence linéaire	50 to 60 Hz	Quantité par pack	1
Approbation et application		Code EAN – Produit/Boîte	4030732032174
Indice de protection	-	Conditionnement par carton	1
Classe de protection CEI	Classe de sécurité I	Codes EAN/UPC – Boîte	4030732032174
