

# Removability Induction on Disposal at End of Life

## Composition Explanation – Fan ceiling

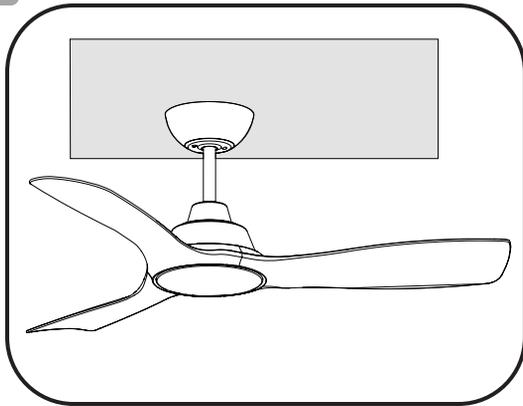

Plastic part	Electrical part	Metal part
<b>Diffuser</b> 	<b>Remote control and separate control gear:PCB</b> 	<b>Cover and Iron Ring</b>  if have
<b>Blade</b> 	<b>Light Source: LED PCB</b> 	<b>Hanging Frame</b> 
<b>LED LENS</b> 	<b>Hanger rod</b> 	<b>Light Panel</b> 
<b>MotorAssembly</b> 	<b>Other</b> Rubber Apron Terminal Cap Wire Plug 	<b>Wire</b> 
<b>Remote Control and separate control gear Housingt</b> 	<b>Dismantling</b> <ul style="list-style-type: none"> <li>• Steps: refer to disassembly instruction</li> <li>• Type: without permanent damage</li> </ul>	
	<b>Recommendation on disposal</b> <ul style="list-style-type: none"> <li>• Plastic part :reuse and recycling</li> <li>• Electrical part :incineration and disposal</li> <li>• Metal part :recycling</li> <li>• Battery part: recycling</li> </ul>
