5UC Specification undercabinet

T5

Construction/Finish

- Specification grade undercabinet light fixture.
- All metal parts painted after fabrication with white polyester paint finish.
- Lens removable without tools for easy maintenance and cleaning.
- All electrical components mounted on an easily removable service tray.
- Low profile (only 1-1/8" deep) provides neat, trim appearance.

Electrical

- cULus listed.
- Electronic ballast is standard.
- T5 triphosphor (835) lamp is supplied as standard. Other color temperatures are optional.
- Optional switch or grounded convenience outlet available on 120V models only.

Enclosure

- Choice of 100% acrylic lens:
 - White
 - Dual (clear bottom with translucent front)
- Linear prisms hide the lamp image and uniformly distribute the light output.

TABLE 1.0

Some luminaires use fluorescent or high intensity discharge (HID) lamps that contain small amounts of mercury. Such lamps are labeled, "Contain Mercury" and/or the symbol "HG". Lamps that contain mercury must be disposed of in accordance with local requirements. Information regarding lamp recycling and disposal can be found at www.lamprecycle.org
