# Highlights

# Expressive and elegant form

A clean, modern design provides elegance and sophistication to your rooms.

# Bright light with uniform distribution

To really light up your rooms, choose this uniform distribution light which throws light evenly across the space.

# LED protective cover for optimal light source insulation and ensure safety

Protects the LED itself to ensure it is protected when travelling and installing.

# **Eyecomfort**

Poor quality light can cause eye strain. With many of us spending time indoors, it's more important than ever to properly light your home. Our products meet stringent test criteria including flicker, strobe, glare, color rendition and dimming effects to ensure they meet EyeComfort requirements. Philip s LED bulbs not only deliver comfortable light, but also stay that way for the duration of their lifespan, delivering consistent light quality, output, and color for more than a

decade. Switch to light that's easy on your eyes. Your eyes will thank you.
