FluxGrid gen 2

Finally, a troffer tailored to your needs

Who says that you can't have aesthetics, high performance, DLC Standard and Premium listed lumen packages, and multiple color temperatures, all within budget?

Day-Brite / CFI FluxGrid gen 2 troffer is setting a new standard that delivers it all without extra costs.

Value, options, and service

Day-Brite / CFI has expanded its FluxGrid family with the development of FluxGrid gen 2. Designed to check all of your key "must haves" off the list, FluxGrid gen 2 covers all of your needs from performance and ROI, to budget, specifications, or shipping requirements.

Looking for maximum savings and utility rebates? Choose one of the 42 standard and base options which are DLC Standard or Premium (see back cover for details).

Looking to lock up a spec with other specific criteria or to take advantage of the latest controls? Mix and match the various options to find just what you want.

FluxGrid gen 2 at a glance:

- 1x4, 2x2, and 2x4 models
- 1500 to 9000 lumens
- CCT 3000-5000K, 80 CRI or 3500-5000K, 90 CRI
- DLC premium and standard models available*
- Round or flat diffuse lens options
- All drivers and boards are easily accessible from below
- Air return function available
- Integral emergency options
- Interact ready wireless sensor options
- Compatible with many industry control partners and protocols such as 0-10V, DALI, and bluetooth

Air Return
