Date of this End of Life announcement: May 20, 2025.

Signify herewith announces the end of sales of all iLight software as per September 1, 2025 (the "End of Sales Date").

After this date, it will not be possible anymore to order or purchase iLight software.

For the End of Life announcement of the complete iLight hardware, software and services portfolio, see the iLight website.

This End of Life announcement includes all iLight related software, i.e.:

- Device Editor
- Composer
- PlanView
- Enterprise Operate
- PC Operate
- DALI Utility
- TSE Designer
- Broadsword

In respect of the software this End of Life Announcement is an End of Life Announcement as referred to in Signify's End-of Life Policy as published here: Policies & Announcements | Signify Company Website and with respect to software terms starting with a capital shall have the meaning as defined therein and where reference is made to "Software Services" in the Policy, the above-mentioned software is referred to.

The Last Date of Support for the software is December 23, 2028. Support is only available at Signify's sole discretion on an ad hoc basis and be limited to:

- Fixing bugs that hamper the software key features
- Response to technical questions by System Experts

Alternative

As an alternative to iLight, we offer Dynalite. The Dynalite architecture serves similar applications to iLight and has similar features and benefits. Over the last 15 years, Signify has consistently invested in Dynalite innovation in close

alignment with customer needs. Dynalite is supported by a global System Expert team, an experienced Product Management team and extended training program. It supports a large variety of lighting controls protocols like e.g. DALI, DMX and leading and trailing edge dimming, as well as Zigbee luminaires. It has a sensor portfolio, dry contact inputs, an extended UI portfolio and many integration options.

For more information about Dynalite, contact your Signify account manager or visit dynalite.com.
