lighting solutions for professionals

Philips KeyLine

Create flexible lines of light with Keyline

KeyLine is a light line range with a minimalistic slim design. High lumen output versions are included, and the full range meets UGR19. The KeyLine family is not only suitable for line applications but can also be used as stand-alone suspended or surface mounted luminaires.

Flexibility in design is offered through variation in length, colours, and light outputs. Besides straight lines, L-corners are also standard parts of the range.

With its high efficacy of up to 140 lm/W, the ability to control and connect, plus value for money pricing, KeyLine ensures a superb total cost of ownership.

Features

- **Comfortable, low glare: UGR<19 for the full range. Suitable for office applications.**

- **Rated Life of more than 50,000 hours (L80) with 5 years warranty.**

- **High lumen output of up to 4000lm for 1.2m version. Excellent total cost of ownership.**

- **System efficacy of up to 135lm/W for 4000lm options.**

- **Available in different lengths, colours, light outputs as standard. Wide range of options available.**

- **Engineered To Order (ETO) available. Possibilities for customisation.**
