

Removability Introduction on Disposal at End of Life

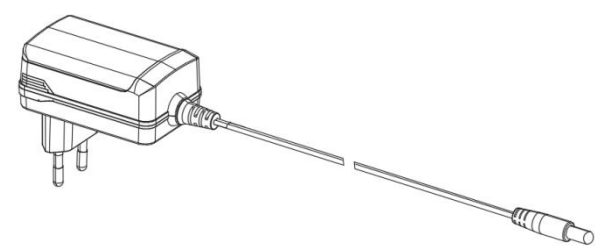

Composition Explanation – HDMI 2.1 sync box with light

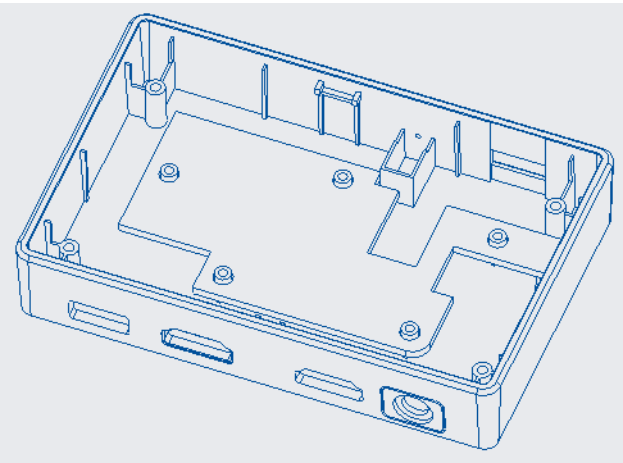

A. Composition Explanation

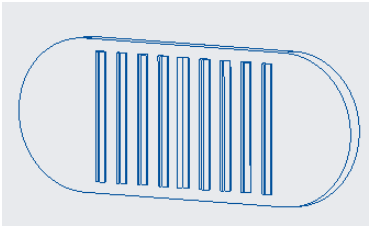

Adapter 驱动

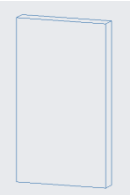

Housing and heatsink 上壳+散热片

Switch 开关键

Conductive silicone 硅胶片

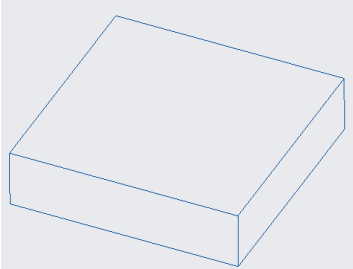

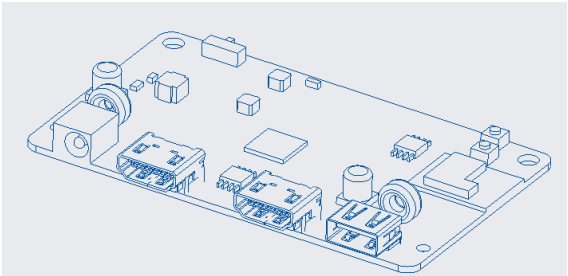

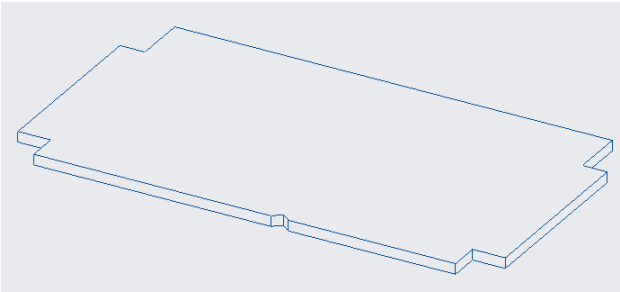

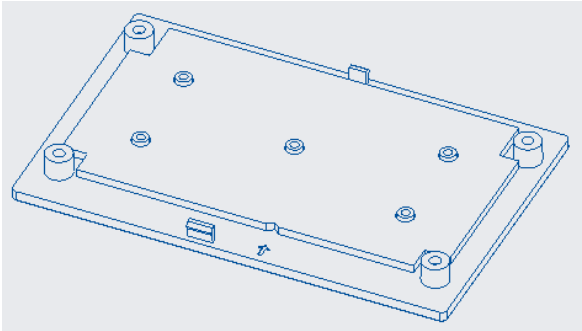

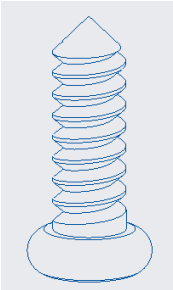

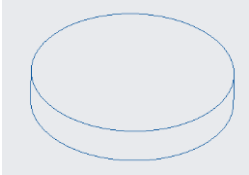

Removability Introduction on Disposal at End of Life

Composition Explanation – HDMI 2.1 sync box with light

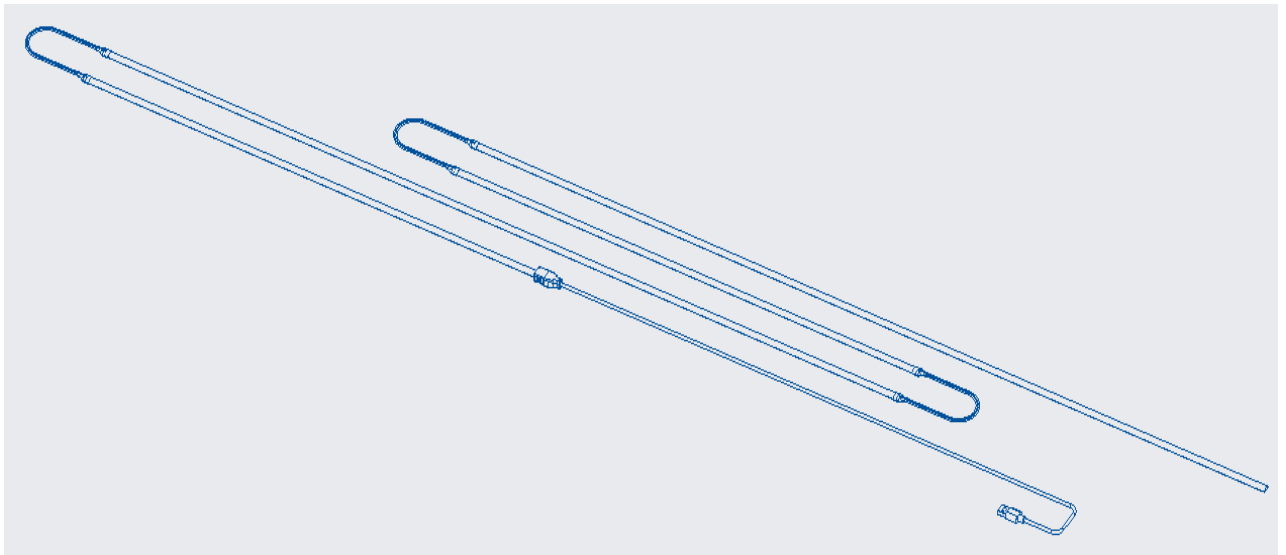

Thermal conductive silicone 1 导热硅胶 1 	PCBA 
Thermal conductive silicone 2 导热硅胶 2 	Bottom cover and heatsink 底壳+散热片 
Screws 螺丝 	Anti-slip pad 防滑垫 

Removability Introduction on Disposal at End of Life

Composition Explanation – HDMI 2.1 sync box with light

LED Strip

- LED PCBA
- Epoxy glue
- 3M tape

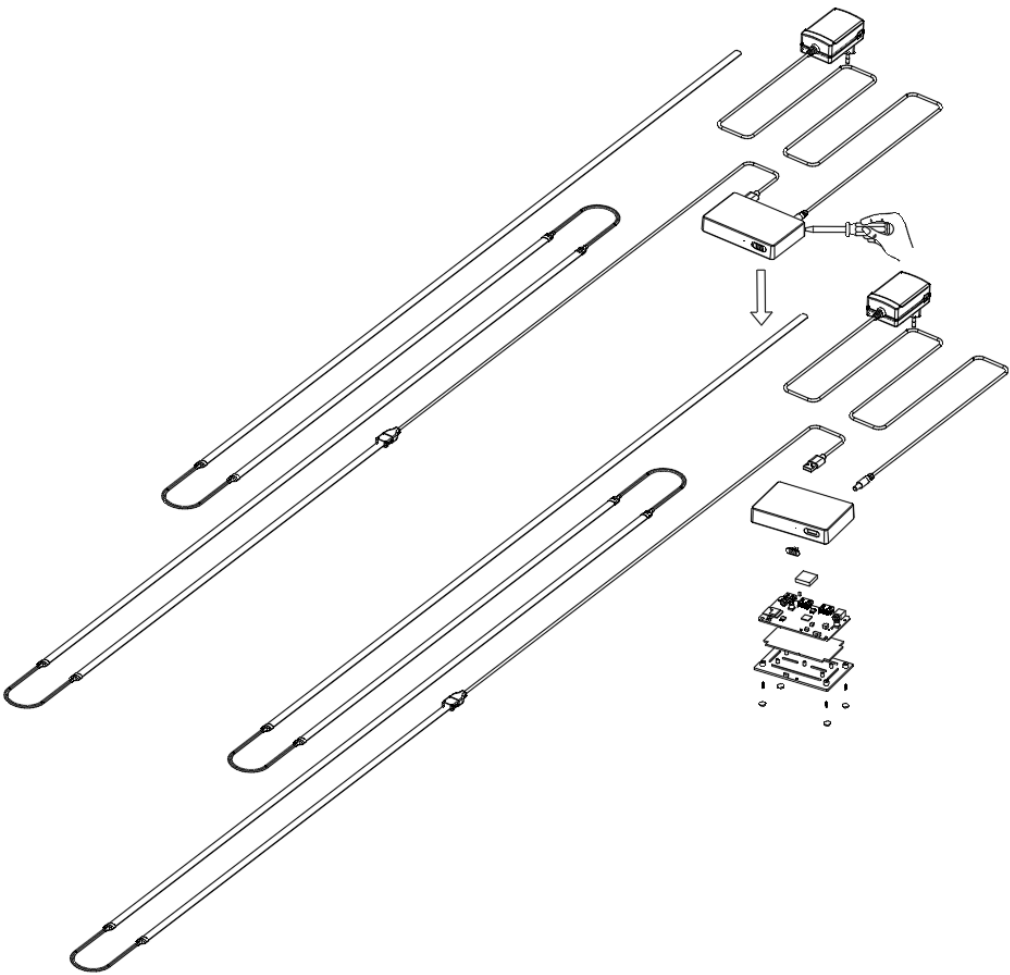

Removability Introduction on Disposal at End of Life

Composition Explanation – HDMI 2.1 sync box with light

A. Steps to remove components

Type: without permanent damage
Recommendation on disposal
Plastic part: reuse and recycling
Electrical part: disposal
Metal part: recycling
