CREATE A WELCOMING SPACE

Ambience creation - turning the professional workplace into a warm and inviting environment for employees, guests and clients - has become one of the key features that businesses look for in a connected lighting package.

Now all this and more is available in one affordable turnkey solution - WiZ Pro. Choose between its wide range of lamps or transform your own lighting fixtures or devices with drivers that bring you into the full WiZ platform that caters to the needs of all stakeholders.

Other important connected light features:

- Easy setup and use
- Reliable everyday connectivity
- Energy efficiency

BUILT FOR SMALL AND MEDIUM PROJECTS

20-200
light points

High-end residential

Multi-residential

Restaurant

Hospitality

Shop

Office

EASY COMMISSIONING

Complicated wiring is now a thing of the past. Save time with the WiZ Setup app which operates on Bluetooth mesh for effortless wireless commissioning, as most sites have no Wi-Fi in the early stages of the project.

INSTANT WIRELESS CONTROL

Once you have the lights up and running, anyone can enjoy wireless control via Bluetooth mesh accessories – smart switches, remotes and sensors. No app or Wi-Fi connection required, just simple and direct light control.

APP CONTROL

Connecting via Wi-Fi through the WiZ app for end-users offers a richer and customizable experience with pre-designed light modes. Includes 24/7 chat support function.

ADVANCED FACILITIES MANAGEMENT

The WiZ Dashboard goes even further by allowing lighting installation control and remote site management. Get actionable light insights and monitoring with a clear overview of the entire installation.

INSTALL AND CONTROL LOCALLY

BLUETOOTH MESH

SETUP APP

WiZ Pro is plug-and-play, so set up is easy with the smartphone app through wireless Bluetooth mesh commissioning. No gateway or Wi-Fi needed, so you don't need I.T. specialists either. Follow the step-by-step instructions on screen: add your products, decide which rooms you want them to be and perform tests to make sure they work before you hand it over.

UPGRADE TO FULL CLOUD CONNECTIVITY

Wi-Fi

WiZ APP FOR END-USERS

Be a lighting designer with the Scenes feature and mix and match light modes to create the perfect ambience — for work, to enhance the shopping experience or to entertain clients and friends when they come and visit. There is also a special human-centric lighting feature — Circadian Rhythm — which offers a smooth transitions from cool white early in the cycle to warm white later on.

DASHBOARD

Get the full picture and visualize where your lights actually are on within a space once you upload the area's floor plan. Set and supervise the status of your lights and devices in any and all the locations you're managing. Each light's usage will be reported, including their remaining lifespan for predictive maintenance.

CREATE YOUR OWN WELCOMING SPACE. GET IN TOUCH WITH US TODAY.

WiZ Pro is an innovative new way to turn your OEM lighting products into smart solutions that create warm and comfortable ambiances. To become a real WiZ on WiZ Pro, go to wizconnected.com/pro or contact your local Signify representative.

BRING YOUR PRODUCTS ONTO THE WIZ PLATFORM

Choose from a wide range of WiZ modules, drivers, lamps and luminaires. If you want your own WiZified products, our WiZards will work with you to create a ready-made solution. More WiZ hardware products will be coming soon.

MODULES

Product name	Operating voltage V	Average operating current mA	Peak current mA	Operating temperature	Interfaces	PWM voltage V	Default PWM frequency Hz
WiZ OEM Module ESP32-SOLO-1 DW	3.0-3.6	80	500	-40 - 105°C	5 x PWM	3.0-3.6	200
WiZ OEM Module ESP32-SOLO-1 TW	3.0-3.6	80	500	-40 - 105°C	5 x PWM	3.0-3.6	200
WiZ OEM Module ESP32-SOLO-1 TW (DIM/CCT)	3.0-3.6	80	500	-40 - 105°C	5 x PWM	3.0-3.6	200
WiZ OEM Module ESP32-SOLO-1 RGBTW	3.0-3.6	80	500	-40 - 105°C	5 x PWM	3.0-3.6	200
