Philips TLED MainsFit (Type B) color selectable lamps has a switch to select between 5 different CCTs from 3000K to 6500K. Unsure of the color that will fit your application best? No need to worry with Philips TLED MainsFit (Type B) color selectable lamps offering superior color consistency and color accuracy.

Benefits

- **One lamp, 5 colors**
  Use the switch to select from 3000K, 3500K, 4000K, 5000K or 6500K

- **Color consistency and accuracy**
  Within 5 SDCM from the ANSI specification and along the back body line

- **Double-ended Type B**
  Eliminate the ballast with simple installation using shunted or non-shunted sockets

- **Lifetime Delivered**
  Average life rating of 50,000 hours

Features

- **One lamp to replace five.**
  Reduce your inventory while providing more to your customers.

- **Light quality and performance predictability**
  Offers consistent light output with no flicker

- **Proven product history**
  From a company with a long history of innovation and reliability in the lighting industry

---

1. For proper operation shunting of un-shunted sockets is required. See installation guide for details
2. LED lifetime means the length of time (in hours) until half of the LED light sources maintain at least 70% of their initial lumen output (B50, L70)
