

NatureConnect

by Signify

Turn dark areas into engaging spaces

Does your project have a space with limited or no access to daylight? **NatureConnect by Signify** is the answer!

NatureConnect mimics daylight, simulates the sun's daily patterns and replicates a view to the sky, using light recipes that **boost energy levels** and help **indoor spaces feel in sync with nature**.

The NatureConnect system consists of luminaires and a scene set to provide the automatic day rhythm and different scenes to choose the right light at the right moment. This can be done with an easy-to-use wall switch.

IWG Regus Battersea London

Benefits of NatureConnect

Make **people more energetic** and increase alertness providing the melanopic boost

Creates a feeling of spaciousness with the view to the sky.

Study shows an **increase of the occupancy** of windowless offices with 48%

Easy-to-use wall switch to select **different scenes** so users can choose the right light at the right moment.

Improve quality of video conferencing.

Occupancy detection for **energy efficiency**.

Option A

5 to 9 m²

| Item | 12nc | Q.ty |
|-------------------|--------------|------|
| NC Mini island WH | 910505103473 | 1 |
| scene set | 910505103996 | 1 |

9 m²

Option B

12 m²

| Item | 12nc | Q.ty |
|-------------------|--------------|------|
| NC Mini island WH | 910505103473 | 1 |
| Daylight W60L60 | 910505103362 | 2 |
| Daylight driver | 910505103363 | 2 |
| scene set | 910505103996 | 1 |
| extra sensor | 913701067003 | 1 |

12 m²

Option C

15 m²

| Item | 12nc | Q.ty |
|-------------------|--------------|------|
| NC Mini island WH | 910505103473 | 2 |
| scene set | 910505103996 | 1 |
| extra sensor | 913701067003 | 1 |

15 m²
