

A photograph of two men in business attire. The man in the foreground is older, with grey hair and a beard, looking intently at a tablet computer he is holding. The man in the background is younger, seen in profile, looking towards the tablet. The scene is lit with a strong blue and purple hue, creating a professional and technological atmosphere.

The Power of Two

Defining the future of
connected lighting together

Signify Partner Program

Lighting projects are getting more complex by the day. That's why working with quality partners is the key to realizing successful lighting installations. The Signify Partner Program creates partnerships which will unlock new business potential. We call it the power of two. Connect with world-class brands, extraordinary professionals, and an immense amount of expert knowledge. Join our alliance of excellence today and let's build the future of connected lighting together.

Degollado Theater
Guadalajara, Mexico
Partner EGEA
Brands: Interact Landmark, Color Kinetics

Trust in the power of two.

Empowering collaboration

As a Signify Value Added Partner, you are part of an inspiring community of like-minded professionals, where you not only increase your brand's visibility, but also engage with some of the world's most innovative businesses, resourceful suppliers and experienced sellers. An energizing exchange of skills, knowledge, ambition and ideas. And you benefit from Signify's specialized support.

“Together we’re better at finding solutions for our customers, however big the challenge may be.”

Your quality partner

As the world leader in lighting and the number 1 lighting company for the Internet of Things (IoT), Signify is constantly pushing the boundaries of what's possible. Interact, our IoT platform, enables the connected LED lighting systems of the future. Embedded sensor networks collect data that you put to your advantage: well-informed decisions, unequalled operational efficiency, and significantly reduced costs. We make lighting intelligent.

We're proud to market the best lighting brands in the world:

PHILIPS

Global brand in professional and consumer lighting

interact

Our Internet of Things platform and connected lighting systems

COLORKINETICS

Our global brand in dynamic architectural lighting systems

PHILIPS dynamilite

The world's finest lighting control system

Rocla Oy
Järvenpää, Finland
Partner Valoremontti
Brands: Philips GreenWarehouse

Meet our partners

Brandon McCartney,
Pro-Cal Lighting

“We’ve been a Value Added Partner for two years and it’s been very successful. Pro-Cal is different because of the value we bring to the customer. We offer multiple products: audit, design, installation and service.”

“A project we’re very proud of is with the Gaslamp Association in San Diego. We upgraded their street lighting with pole-to-pole installations using Color Kinetics products with localized controllers. We also lit up the iconic fabric roof of San Diego Convention Center’s Sails Pavilion using Color Kinetics color-changing lighting systems. That project was the catalyst for our Value Added Partnership. How the Value Added Partner Program helps? Project and knowledge sharing. When we work with other Value Added Partners, we can benefit from each other’s expertise. Also, Color Kinetics experts are just a phone call away. The power of two? A mutually beneficial collaboration.”

Kyle Ledford,
SESCO Lighting

“We’ve been partners with Signify for almost 20 years. It’s a long-term, trusted relationship. Together we’re better at finding solutions for our customers, however big the challenge may be.”

“I’m passionate about what I do, and Color Kinetics really helps differentiate me in the marketplace. I’m grateful for my career and that my reputation is associated with them. And that any time a client needs something, they know they’ll be taken care of. The opportunities so far have been amazing and I’m looking forward to the opportunities of the future.”

“We’ve been partners with Signify for almost 20 years. It’s a long-term, trusted relationship.”
