MultiOne Mobile

Supported smart phones

The tool is intended for use of smartphones with Android operating system. The App can be used in combination with smartphones running Android 8 or higher.

In case the internal NFC of the phone is used, please refer to the manual of the phone to find the position of the internal NFC antenna.

The App can also be used in combination with the external LCN9810 SimpleSet NFC scanner. For the external NFC scanner, the phone should support BLE version 4.2 or higher.

The app is verified to use with its internal antenna and external NFC scanner with the following smartphones:

- Samsung A5 (Android 8)
- Samsung A40 (Android 9)
- Samsung A50 (Android 10)
- Samsung A32 (Android 9)
- Huawei P smart (Android 9)
- Huawei P30 Lite (Android 9)
- Huawei P30 Pro (Android 9)

The app is verified to use with the external NFC scanner with the following smartphones:

- Motorola Moto G6 (Android 8)
- Motorola Edge Black (Android 10)
- Motorola Moto G30 (Android 11)
- Xiaomi MI 10 (Android 10)
- Oppo Find X2 Lite (Android 10)
