

## Limited Warranty: Indoor Professional Luminaires

Signify North America Corporation (“Signify”) warrants to the original purchaser (“Purchaser”) that the Signify branded indoor professional luminaires identified on Schedule 1 (“Products”) will be free from defects in material and workmanship which cause the Product to fail to operate in accordance with the performance specifications set forth in documentation published for or provided with the Product (“Specifications”) for the applicable period and subject to the additional terms and conditions set forth on Schedule 1 from the date of purchase (as set forth in the applicable invoice) (“Warranty Period”).

Signify warrants that any standard finish on a Product will be free of cracking, peeling, excessive fading, and corrosion defects during the applicable Warranty Period. To the extent that an authorized Signify distributor is the Purchaser of the Products, such distributor may transfer this limited warranty to subsequent purchasers of the Products, provided that such Products are resold in new condition and in their original packaging. Third party components incorporated into the Product that are not manufactured by Signify are excluded from this warranty, but may be covered by a third party manufacturer. Such third party manufacturer shall be solely responsible for the costs related to any claims associated with any such component. For non-LED Products, ballasts and lamps manufactured by Signify are warranted separately and the terms of such warranties are located at [www.Signify.com/warranties](http://www.Signify.com/warranties). For LED Products, the Product shall be considered defective only if 15% or more of the LED components fail for such Product. Certain luminaire components may be adversely affected by contaminants. If sulfur, chlorine, or petroleum based solutions, or other contaminants will be in the area of operation, please consult factory as damage caused by these contaminants are not covered under our warranty.

If any Product covered by this limited warranty is returned by Purchaser in accordance with Signify Terms and Conditions of Sale (available at [www.Signify.com/warranties](http://www.Signify.com/warranties)) within the Warranty Period, and Signify determines to its satisfaction that such Product failed to satisfy this warranty, Signify will, at its option, repair or replace the Product or the defective part thereof,

or reimburse Purchaser for the purchase price, subject to the terms and conditions set forth herein. For purposes of clarity, “repair or replace the Product or the defective part thereof” does not include any removal or reinstallation costs or expenses, including, without limitation, any labor costs or expenses, shipping costs to return non-conforming Products or any damages that may occur during the return of Product to Signify. If Signify chooses to replace the Product and is not able to do so because it has been discontinued or is not available, Signify may replace it with a comparable product. Signify reserves the right to use new, reconditioned, refurbished, repaired or remanufactured products or parts in the repair or replacement of any Product covered by this limited warranty.

This limited warranty is subject to these additional conditions:

- The Products have been properly handled, stored, wired, transported, installed, operated and maintained in accordance with the applicable Specifications.
- A Signify representative will have access to the failed Products and the fixtures used to operate them. If the fixture or other parts become suspect, the representative shall have the right to invite other manufacturers’ representatives to evaluate the lighting system components.
- The Product has been purchased directly from an authorized Signify distributor/dealer for use in the United States.
- Purchase receipt for the Product is available for inspection by Signify.
