Illuminate your garden at night

The Philips myGarden Fresco recessed spot has beautiful LED light to show garden features at their best, or illuminate dark areas clearly. It is constructed from durable metal, while the adjustable head allows for a directional beam.

Sustainable light solutions

- Energy saving
- High quality LED light
- Long operating life of up to 10 years
- Warm white light

Designed for your garden

- IP23 - weather proof

Highlights

Energy saving

This Philips energy-saving lamp conserves energy compared with traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

High quality LED light

The LED light bulb delivered with this Philips lamp is a unique solution developed by Philips. It turns on instantly, enables an optimal light output and brings out vivid colours in your home.

Long operating life

A light source you can trust. The LED lamp delivered with this Philips LED lamp will last up to 10,000 hours (which equals 10 years on the basis of an average use of 3 hours/day with at least of 13,000 on/off switching cycles). It feels so good to think that you won't have to worry about maintenance or light lamp replacement while having the perfect light ambience in your home.

Warm white light

Light can have different colour temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while those with a higher Kelvin value produce a cool, more energising light. This Philips lamp offers warm white light for a cosy atmosphere.

IP23 - weather proof

This Philips outdoor light is especially designed for humid outdoor environments. It was tested rigorously to ensure its water resistance. The IP level is described by two figures: the first one refers to the protection level against dust, the second against water. This outdoor light is designed with IP23: it is protected against spraying water and ideal for lighting a veranda or a porch.

Specifications

Design and finishing

- Colour: Stainless steel
- Material: Metal
