- Easy to set up for every application
- Weather-proof

Highlights

Ultra-long lamp life

Philips lamp included with an ultra-long lamp life, up to 20,000 hours.

Energy saving

This Philips light conserves energy compared to traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

Choose contemporary style

Designed in Europe, this lamp has a unique design signature to help you create a contemporary outdoor look.

Choose outdoor wall lights

Make the most of your outdoor space with this wall light, perfect for mounting close to your front door or on your terrace walls.

Welcoming warm white light

Philips outdoor is a range of outdoor lamps that creates a beautifully warm welcoming light. The light colour temperature is 2,700 Kelvin. It also provides plenty of light for clear visibility so that you can use your outside space however you like after hours, and relax knowing that it'll be safe and secure throughout the night.

Bi-directional light effect

Bi-directional light effect for general garden illumination.

Easy to set up

This lamp and the fittings are designed for a straightforward installation with all the useful things that you need to get up and running included in the box, like a Torx key and Torx screw. You'll find clear guidance about where you can install the product and relevant information about water-resistant IP ratings.

Weather-proof

This Philips outdoor lamp is specially designed for humid outdoor environments and has undergone rigorous tests to ensure its water resistance. The IP level is described by two figures: the first one refers to the protection level against dust, the second against water. This lamp is designed with IP44: it is protected against splashing water. This product is most common and ideal for general outdoor use.
