Motion sensing light for convenience and extra energy saving

Increase convenience while saving energy. Philips' motion-sensing LED ceiling light is easily turned on and off by a sensor, which means you can leave or enter rooms without fumbling for a switch. Its wide detection range and instant-on LED technology means that your home's lighting is only on when you need it

Easy to experience
- With its built-in automatic motion sensor, this luminaire switches on automatically when people walk by.
- Easy installation

Durability
- Energy saving

Highlights

Integrated motion sensor
Easy installation
No more hassle with installation. Just fix or hang securely on the wall or ceiling, and plug it in. Your new light fitting is now ready to light up your room!

Energy saving
Saves energy – which is good for your bills, and the environment.
