Our most energy-efficient LED lights yet

Philips has developed an UltraEfficient solar LED outdoor light that uses new technology to cut carbon emissions, reduce material waste and lower energy usage. With an amazing 50,000-hour lifetime, it lasts more than 5 times longer than the Philips LED outdoor light equivalents. Just what is needed for a more sustainable planet.

Easy installation

- No wiring required

Sustainable light solutions

- Long lifetime up to 50,000 hours
- Ultra-efficient solar

Advanced LED light

- 5-year warranty on LED system

Premium quality

- High-quality aluminium and superior synthetics

Designed for outdoors

- IP44 – weatherproof

8719514476950

Special characteristics

- Dual-brightness light
- Motion and dusk-to-dawn sensor integrated

Highlights

No wiring required

This light is powered entirely by solar energy. No wiring is needed, making these lights easy to position and reposition anywhere in your garden or other outdoor area.

Long lifetime up to 50,000 hours

Reliable high-quality LED light lasts up to 50,000 hours. You can rest easy knowing that you won't have to worry about maintenance for years, while enjoying the perfect garden light every night.

Ultra-efficient solar

With the Philips Ultra Efficient Solar system, these luminaires provide light for up to 40 hours on a fully-charged battery. Enjoy bright light all night, or even in bad or overcast weather conditions.

5-year warranty on LED system

In addition to the standard 2-year warranty offered for this luminaire, Philips also offers a 5-year warranty on the LED system (the LED module and driver).

High-quality aluminium and superior synthetics

This Philips light is made specifically for outdoor spaces. It's hard-wearing and built to last, so it will light up your garden night after night. It's constructed from high quality die-cast aluminium and superior synthetics.

IP44 – weatherproof

This Philips outdoor light is especially designed for humid outdoor environments and has been tested rigorously to ensure water resistance. Its IP44 rating means that it has been certified to offer ingress protection against dust and splashing water – perfect for general outdoor use.

Dual-brightness light

Create a flexible and appealing ambience with the dual-brightness feature. The light dims when idle and automatically brightens when people are present, delivering the right level of light whenever you need it.

Motion and dusk-to-dawn sensor integrated

With a built-in motion sensor, these lights automatically welcome you when you return home after dark, or light up when visitors arrive. The unique dusk-to-dawn feature turns the lights on automatically when it gets dark outside – perfect for those long summer evenings or to ensure your safety.

Specifications

Design and finishing

- Colour: Anthracite
- Material: Metal

Durability

- Nominal lifetime: 50,000

Environmental

- Disposal of the product: At the end of (economic) life, dispose of the product in accordance with local rules. Do not dispose of the product with regular household waste.
