WiZ

Smart Plug

Make any wall socket smart with the WiZ smart plug, which includes a power meter to measure how much power the socket uses. Control your plug with the WiZ app or your voice: turn your favourite traditional lamp on and off with a tap, for example

PRODUCT HIGHLIGHTS

- Plug and Play
- With Powermeter
- Control with app or voice

Instant setup for all your smart home functionalities
Start using all your smart home features easily, by connecting your new WiZ device to your Wi-Fi network. Control your lights and devices even while you're away from home and set schedules to turn them on and off automatically. No need to install additional hardware such as hub or gateway!
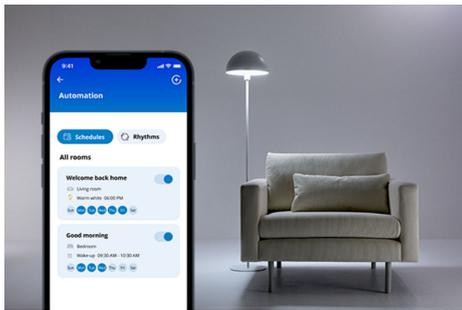

Control with any Matter smart home platform
This product is Matter-certified, allowing easy control through Google Home, Amazon Alexa, Apple Home or any other Matter-based smart home platform of your choice.

Make everyday devices smart: lamps, fans and more
Control regular lamps, decorative lights, fans, your coffee machine and more. Use WiZ to control devices that only need their power to be on, to link and react to the app.

Easy scheduling and automation of smart lights and devices
Schedule your home lights or appliances to turn on or off automatically and follow your daily or weekly routines. Automate your lights and devices to stay off when they're not necessary, to stay safe and save energy.

Activate devices with motion without using a sensor
WiZ's SpaceSense technology transforms your devices into motion sensors. Activate the SpaceSense feature in the WiZ app and have lights and devices turn on and off automatically, with motion detection. A minimum of two WiZ devices in a room is needed for the SpaceSense feature to work.

Built-in power metre that monitors energy consumption
This smart plug has a built-in power metre, which monitors the energy consumption of a device plugged into it. Learn how much energy your device uses by looking at the visual summary in the WiZ app.
