Long-lasting solar-powered garden light for all seasons

Philips Yarixa is a reliable solar wall light that lasts for a longer time, reduces energy consumption and supports sustainability.

Easy installation

- No wiring required

Sustainable light solutions

- Long lifetime up to 15,000 hours

Advanced LED light

- High-quality LED light

Designed for outdoors

- IP44 – weatherproof

Special characteristics

- Motion sensor, for convenience and reassurance

Highlights

No wiring required

This light is powered entirely by solar energy. No wiring is needed, making these lights easy to position and reposition anywhere in your garden or other outdoor area.

High-quality LED light

These LED lights use a unique technology developed by Philips. They turn on instantly and produce optimal light output that brings out the vivid colours in your garden.

Motion sensor, for convenience and reassurance

A motion sensor is included to welcome you when you return home or let you know when someone's coming.

Long lifetime up to 15,000 hours

Reliable high-quality LED light lasts up to 15,000 hours. You can rest easy knowing that you won't have to worry about maintenance for years, while enjoying the perfect garden light every night.

IP44 – weatherproof

This Philips outdoor light is especially designed for humid outdoor environments and has been tested rigorously to ensure water resistance. Its IP44 rating means that it has been certified to offer ingress protection against dust and splashing water – perfect for general outdoor use.

Specifications
