

Perfect match with 1-click-optics

Fortimo LED strip OC gen 5

Fortimo LED Strip OC is the perfect match with individual optics per LED. With a pitch of 24 LEDs per ft, it has sufficient space to work with individual optics per LED.

Benefits

- Cover all needs in luminaire designs; different modules from 0.5ft to 2ft, high voltage or low voltage, a wide range of CCTs in CRI80 and CRI90, connector options and different lumen output versions.
- Slim module width of only 20 mm
- Perfect system combination with Xitanium drivers and 1-Click-Optics

Features

- Excellent color consistency of 3 SDCM
- Wide temperature (Tc) range -40°C to +85°C
- Typical module efficacy of 182 lm/W (at 4000K CRI80)
- Optics are available in 30°/60°/90°/A-symmetrical/Double-A-symmetrical.
- Five-year system warranty and over 50,000 hours lifetime

Application

- Office
- Retail
- Industry
