PHILIPS Lighting

Constant Voltage LED drivers.

LED Power Drivers

Xitanium Constant Voltage LED drivers are the perfect choice for enabling easy modular parallel connection of Philips LED products (like LDM and InteGrade families) used in refrigerated cabinets and display lighting. The drivers have an operating life matching that of LEDs. They offer excellent reliability and ensure a simplified installation process. Robust design reduces maintenance and lowers the cost of ownership over the application lifetime.

Benefits

- SELV operating voltages ensure safety even if wiring or LED boards become damaged.
- Easy installation with simple parallel wiring
- Installation friendly, for Class I and
- Class II systems
- Excellent reliability

Features

- \cdot Universal mains voltage
- Stable limited output voltage
- Safety Extra Low Voltage (SELV)
- Short circuit protection
- Long lifetime
- Range: 80W, 100W, 150W, 240W.

Application

- \cdot Supermarkets
- \cdot Refrigerated cabinets
- \cdot Retail environments
- Libraries
- Museums

LED Power Drivers
