

# Philips Jargeau LED gen3: combining historical design with modern lighting technology

## Jargeau LED gen3

Jargeau LED gen3 combines the symbolic features of the first four-sided street lamps of the 19th century with the technical performance of 21st century luminaires. It incorporates the energy-efficient LEDGINE - O engine with high-performance optics, while at the same time retaining the character of the original four-sided fixture. Designed for installation at heights of 4-6 metres, this luminaire is well suited to urban landscapes and ideal for illuminating city centres, historical areas, old villages, streets, alleys, squares and parks. Thanks to the built-in Philips Ledgine optimised LED platform, and the wide range of available application-tailored optics, Jargeau LED gen3 delivers the right amount light and in the right direction on your street, enabling further energy savings. The luminaire comes with one or two Philips SR (System Ready) sockets, which makes the luminaire future-ready. What this means is that Jargeau LED gen3 is ready to be paired with both standalone and advanced control and lighting software applications such as Interact City from Signify. Next to this, each individual luminaire is uniquely identifiable, thanks to the Philips Service tag application. With a simple scan of a QR code, placed on the inside of the mast door or directly on the luminaire, you gain instant access to the luminaire configuration, making maintenance and programming operations faster and easier, and enabling you to create your digital library of lighting assets and spare parts. Jargeau LED gen3 can also be equipped with our dedicated light recipe that preserves a dark night sky.

# Jargeau LED gen3

#### **Benefits**

- An iconic luminaire for contemporary and historical environments
- Covers a wide range of applications for roads and streets with different geometries
- Future-proof thanks to an SR socket compatible with all Philips' standard and advanced lighting controls
- · Service tag for easy installation and maintenance

#### **Features**

- · Historical shape
- Large choice of different beams and internal louvres to ensure minimised glare
- · Variety of mounting options: luminaire can be combined with different columns,
- brackets and multiple-arm brackets
- Ready to be paired with controls, by being equipped with the SR (System Ready) socket
- · Each luminaire is uniquely identifiable thanks to the Philips Service tag

#### **Application**

- Main urban roads and streets, side and residential roads and streets
- · City centres and historical areas
- Cycle and pedestrian paths, squares, parks and playgrounds

#### Versions

BDP768 BDP651 without spigot RET

BSP768 & BSP651 40led

General Information	
Driver included	Yes
Lamp family code	LED50
Light source replaceable	Yes
Number of gear units	Unit
Service Tag	Yes
Light Technical	
Luminaire light beam spread	30° - 5° x 153°
Light source colour	830 warm white
Correlated Colour Temperature (Nom)	3000 K
Colour rendering index (CRI)	80
Luminous Flux	3,250 lm
Optic type outdoor	Distribution
	medium 50
Upwards light output ratio	0.01
Operating and Electrical	
Power Consumption	38 W
Surge Protection (Common/	Luminaire surge
Differential)	protection level
	up to 6 kV
	differential mode
	and 8 kV commor
	mode
Controls and Dimming	
Controls and Dimming Dimmable	No
	No
	No
Dimmable	No Polycarbonate
Dimmable  Mechanical and Housing	
Dimmable  Mechanical and Housing	Polycarbonate
Dimmable  Mechanical and Housing  Optical cover type	Polycarbonate bowl/cover clear
Dimmable  Mechanical and Housing  Optical cover type  Housing Colour	Polycarbonate bowl/cover clear Black
Dimmable  Mechanical and Housing Optical cover type  Housing Colour Mech. impact protection code	Polycarbonate bowl/cover clear Black IKO9
Dimmable  Mechanical and Housing Optical cover type  Housing Colour Mech. impact protection code Ingress protection code	Polycarbonate bowl/cover clear Black IKO9
Mechanical and Housing Optical cover type  Housing Colour Mech. impact protection code Ingress protection code Standard tilt angle side entry	Polycarbonate bowl/cover clear Black IKO9
Mechanical and Housing Optical cover type  Housing Colour Mech. impact protection code Ingress protection code Standard tilt angle side entry	Polycarbonate bowl/cover clear Black IKO9
Dimmable  Mechanical and Housing Optical cover type  Housing Colour Mech. impact protection code Ingress protection code Standard tilt angle side entry Standard tilt angle post-top	Polycarbonate bowl/cover clear Black IKO9
