

Philips Jargeau LED gen3: combining historical design with modern lighting technology

Jargeau LED gen3

Philips Jargeau LED gen3 combines the iconic character of the first four-sided street lamps of the 19th century with the technical performance of 21st-century luminaires. Thanks to the energy-efficient Philips LEDGINE-O engine and wide range of high performance, application-tailored optics, Jargeau LED gen3 delivers the right amount light in the right direction on roads and streets, as well as offering excellent energy savings. Designed for installation at heights of four to six meters, this street lantern is well suited to urban landscapes and is ideal for illuminating city centres, historical areas, old villages, streets, alleys, squares and parks. Jargeau LED gen3 is also future-ready with a choice of one or two Philips System Ready (SR) sockets that enable the luminaire to be paired with both standalone and advanced control and lighting software applications such as Interact from Signify. This urban lighting solution can also be equipped with our dedicated light recipe that preserves dark skies. In addition, every Jargeau LED gen3 luminaire is uniquely identifiable, thanks to the Signify Service tag app. By simply scanning a QR code, placed inside the door of the mast or directly on the luminaire, you can instantly access the configuration of the luminaire. This makes maintenance and programming operations faster and easier, and enables you to create a digital library of lighting assets and spare parts.

Benefits

- An iconic luminaire for contemporary and historical environments
- Covers a wide range of applications for roads and streets with different geometries
- Future-proof thanks to an SR socket compatible with all Philips' standard and advanced lighting controls
- · Service tag for easy installation and maintenance

Features

- · Historical shape
- · Large choice of different beams, internal louvres to minimise glare
- Variety of mounting options: the luminaire can be combined with different columns, brackets and multiple-arm brackets

Application

- · Main urban roads and streets, side and residential roads and streets
- · City centres and historical areas
- $\boldsymbol{\cdot}$ Cycle and pedestrian paths, squares, parks and playgrounds

General Information		
Driver included	Yes	
Lamp family code	LED50	
Light source replaceable	Yes	
Number of gear units	Unit	
Service Tag	Yes	
Light Technical		
Luminaire light beam spread	30° - 5° x 153°	
Light source colour	830 warm white	
Correlated Colour Temperature (Nom)	3000 K	
Colour rendering index (CRI)	80	
Luminous Flux	3,250 lm	
Optic type outdoor	Distribution	
	medium 50	
Upwards light output ratio	0.01	
Operating and Electrical		
Power Consumption	38 W	
Surge Protection (Common/	Luminaire surge	
Differential)	protection level	
	up to 6 kV	
	differential mode	
	and 8 kV common	
	mode	
Controls and Dimming		
Dimmable	No	
Mechanical and Housing		
Mechanical and Housing Optical cover type	Polycarbonate	
	Polycarbonate bowl/cover clear	
Optical cover type	bowl/cover clear	
Optical cover type Housing Colour	bowl/cover clear Black	
Optical cover type Housing Colour Mech. impact protection code	bowl/cover clear Black IK09	
Optical cover type Housing Colour Mech. impact protection code Ingress protection code	bowl/cover clear Black IK09	
Optical cover type Housing Colour Mech. impact protection code Ingress protection code Standard tilt angle side entry	bowl/cover clear Black IK09	
Optical cover type Housing Colour Mech. impact protection code Ingress protection code Standard tilt angle side entry	bowl/cover clear Black IK09	
Optical cover type Housing Colour Mech. impact protection code Ingress protection code Standard tilt angle side entry Standard tilt angle post-top	bowl/cover clear Black IK09
