

Copenhagen LED Gen2: timeless design and future-ready technology

Copenhagen LED gen2 large & mega

The original Copenhagen luminaire was co-designed with Copenhagen's Office of City Architecture in the 1960s with the aim of enhancing the aesthetic appeal of the city through lighting. This timeless luminaire design comes in two types: Copenhagen City LED Gen2 is for city and residential areas where light comfort is important; Copenhagen LED Gen2 delivers high performance for road lighting applications. The second generation of Copenhagen LED is available in a range of sizes, from mini to mega. This makes it suitable for any type of application while ensuring the dimensions of the luminaire and pole are well balanced, so every installation blends harmoniously into its surroundings. Various suspensions are available, allowing a variety of mounting options to provide maximum freedom during installation. Thanks to the built in LEDGINE-O engine, and the wide range of application-tailored optics, Copenhagen LED luminaires deliver the right amount of light and in the right direction on your street, enabling important energy savings. The luminaire is available with one or two Zhaga-D4i (ZD4i) System Ready (SR) sockets, which makes the luminaire future ready. This means Copenhagen LED Gen2 is ready to pair with advanced control and lighting software applications such as Interact, or sensors such as the Outdoor Sensor Bundle (OSB). And because the top SR socket is integrated into the canopy, it has no impact on the beautiful, clean design of the luminaire. Furthermore, every Copenhagen LED Gen2 BPS559, BRS561, BRS562 and BRS563 luminaire is uniquely identifiable, thanks to the Signify Service tag app. By simply scanning a QR code, placed inside the door of the mast or directly on the luminaire, you can instantly access the configuration of the luminaire. This makes maintenance and programming operations faster and easier and enables you to create a digital library of lighting assets and spare parts.

Copenhagen LED gen2 large & mega

Benefits

- Excellent energy savings and light distribution thanks to LEDGINE-O high system efficacy and a large choice of optics
- Future-ready with Zhaga-D4i SR sockets to connect with Interact controls and sensors
- Service tag for easy installation and maintenance

Features

- 4 sizes (mini, small, large, and mega) to fit all mounting heights and possibilities: side entry, wall-arm, post-top, catenary, or central fixing
- 50+ choice of beams, and internal louvers to match all configurations
- Choice of color temperatures and color rendering for different ambiances: 2200K, 2700K, 3000K and 4000K
- Efficacy up to 167 lm/W
- Marine salt protection
- 5-year standard warranty (option to extend up to 10 years)

Application

- Traffic roads: motorways, highways (mega and large versions)
- Large streets and industrial areas (large)
- Small streets and car parks (small)
- Cycle paths, footpaths, pedestrian crossings (mini)

Specifications

Type	BRS562: Side entry large
	BDS562: Center, 3/4" thread suspended large
	BSS562: Wire suspended large
	BRS563: Side entry mega
	BDS563: Center, 3/4" thread suspended mega
	BSS563: Wire suspended mega

Material	88% bio-based polyethylene canopy
	88% recycled aluminum bracket and heatsink
	silk screen printed, tempered front glass
Correlated color temperature - CCT	722, 727, 730, 740, 827, 830, 840
Serviceability class	Class A

General Information	
Driver included	Yes
Light source replaceable	Yes
Number of gear units	1 unit
Service tag	Yes
Light Technical	
Luminaire light beam spread	-
Upward light output ratio	0
Controls and Dimming	
Dimmable	Yes
Mechanical and Housing	
Optical cover type	Flat glass
Ingress protection code	IP66
Standard tilt angle side entry	0°
Standard tilt angle posttop	0°
Approval and Application	
CE mark	Yes
Flammability mark	-
