Widest product range in the world!

MASTER PL-T 4 Pin

MASTER PL-T is an efficient compact fluorescent lamp, typically used in general downlights for retail, hospitality and office applications demanding higher lighting levels. The original Philips-invented bridge technology guarantees optimum performance in the application, enabling more light and higher efficacy than the bended technology. The 4-pin version is designed for operation on electronic gear and is provided with a plug-in/pull-out lamp base.

Benefits
· Optimal light performance for short or long operation per switch-on
· Substantially more light (about 15% more) per light point than with other similar shapes
· Multiple light color choice
· Good color rendering (CRI >80)
· Dimming possible down to 10%

Features
· 4-pin base
· Philips' bridging technology applied
· Fluorescent tri-phosphor technology
· Low light depreciation over lamp life
· Fast light run-up

Application
· Designed for general or supplementary lighting in professional and semi-professional environments
· Ideal for use in recessed or surface mounted downlighters, wall units, outdoor lighting
· First choice for short switching cycles, emergency lighting and deep dimming

MASTER PL-T 4 Pin

Warnings and Safety

- Lamp light technical and electrical characteristics are influenced by operating conditions, i.e. lamp ambient temperature and operating position as well as applied HF control gear
- Shorter lamp life when often switching and not well pre-heated electrodes
- A lamp breaking is extremely unlikely to have any impact on your health. If a lamp breaks, ventilate the room for 30 minutes and remove the parts, preferably with gloves. Put them in a sealed plastic bag and take it to your local waste facilities for recycling. Do not use a vacuum cleaner.
